# FAIR BONUS FOR ALL HIGHER EDUCATION WORKERS

Dear Senator Ketron:

The governor's proposed budget for 2010-2011 includes a one-time 3% bonus for higher education employees. I urge you to ensure that all public higher education employees receive an equal-dollar bonus (prorated for part-time employees), rather than a percentage.

An equal-dollar bonus is a concrete stimulus to our state's struggling economy, because working- and middle-class higher-education workers will turn right around and spend this money at local businesses in Tennessee communities. Please do all you can to ensure everyone receives a fair, equal-dollar bonus.
